

Product Packaging

~ Website stuff ~

Promotional Material

Vinyl bar runners, roll up exhibition cassettes and T-shirts have all been part of the Dent Brewery advertising and promotional materials.

These were all formatted and put together with Photoshop, Illustrator and InDesign - taking special care with safe zones and bleed limits to make sure the finished article was perfect. All output was finalised with close liasing with Brewery owner and printing companies.

My work for Dent Brewery has been ongoing for five years.

I have been responsible for producing all of their promotional artwork for print and online. This includes designing and preparing for print all the P.O.S. stuff such as bar runners, beer mats, T-Shirts, Beer Menus, Pump clips, banners, bottle labels, etc as well as developing their website and social media presence.

PHOTOGRAPHY IN DESIGN

ALE WITH ALTITUDE

High quality T-Shirt illustrations and designs complete the package
